for i tell you you will not see me again until you say blessed is he who comes in the name of the lord matthew 23 39 approximately three billion christians and muslims around the world hold the second coming of jesus christ as an article of faith both the holy bible and holy qur an

speak about this spiritually monumental event has he come again author hasanat syed a journalist and research scholar has documented evidence supporting the appearance of the second coming he begins by describing four historical episodes that each occurred around the turn of the twentieth century and presents evidence of heavenly signs in each instance drawing on his deep knowledge of the subject syed combines thought from christianity and islam to marshal evidence with such conviction that nothing is left to doubt distinguishing this work from others the second coming of jesus christ discusses this important event from a number of perspectives drawing together multiple sources throughout the text christians muslims and hindus alike will be fascinated by this cogent discussion of an imminent second coming this book is a must read for anyone seeking answers to this heavily prophesized and centuries old enigma

and if i go and prepare a place for you i will come again and will take you to myself that where i am you may be also john 14 3 esv jesus christ was very clear one day he will return and we must know the signs of the times remain watchful and be ready for when he comes again in this insightful study steve motyer explores a number of key biblical texts to unpack the message of the second coming examining passages from both the old and new testaments he demonstrates that jesus christ is the core of the biblical worldview the climax of the biblical message the cornerstone of biblical theology and the centrepiece of authentic biblical faith for the twenty first century a new volume in the trusted the bible speaks today series of commentaries the message of the second coming offers a clear cogent and thought provoking exposition of what the bible tells us about the second coming of jesus christ and how the lessons drawn from that can be applied to modern christian living used by bible students and teachers around the world the bible speaks today commentaries are ideal for students who want to deepen their understanding of scripture and its continued relevance today this volume is also perfect for those preaching on the second coming of christ and looking for accessible exposition they can draw on for their sermons this new edition uses the niv bible text and its beautiful cover matches the redesigned editions of existing bible speaks today commentary the message of the second coming is perfect for anyone looking for compelling commentaries will help them better understand the meaning of the second coming of christ and how it applies to their everyday life

and if i go and prepare a place for you i will come again and will take you to myself that where i am you may be also john 14 3 esv jesus christ was very clear one day he will return and none of us knows when vocal fanatics claim to know the details of the second coming causing many christians to all but ignore the good news that jesus is coming again yet god s own word commands us to know the signs of the times to remain watchful and to be ready whenever christ comes this book is a straightforward in depth exploration of the key biblical texts regarding the second coming most notably christ s longest and most important eschatological message the olivet discourse as you study what the word of god says about these matters it will stir in your heart an earnest longing for christ s return as well as a certainty about how to live expectantly until he comes again

life in this life is a journey and not a destination though the journey itself leads to an eternal

destination heaven or hell in the interim between the journey and the destination everyone is busy trying to navigate the journey while not necessarily giving enough serious thought to the journey's final destination yes people are getting married or not divorcing pursuing educational and career goals saving and spending living life in the blind while paying little or no attention to the fact that time as we know it is running out of time most believers or christians believe christ will return one day and rescue his people out of this life although christians do typically believe and may even pray for the return of christ some lack a clear understanding of what the bible teaches about the second coming of christ on the other hand there is a disproportionate number or group of people that because they have been hearing all of their lives that jesus is coming back are ignoring the clear and concise prophetic writing on the prophetic wall that time is running out of time nonetheless the bible is inundated with prophecies that are unmistakably clear regarding the second coming of christ therefore this book the second coming of christ the rapture and the revelation is a book that unveils and reveals the fact that prophecy is history written in advance the last word in its title revelation points to the appearing of christ at the culmination of the great tribulation for the battle of armageddon the battle of all battles this book is the sounding of the alarm that each of us should be through diligent preparation and godly steadfastness with uncompromising stick to itiveness living to live again each of us during this dispensation of grace will be upon christ's return left behind to undergo the unspeakable suffering of the great tribulation or either resurrected or translated in glorified bodies to meet christ in the air to go with him to heaven this book will help each of us embrace the fact that the rapture of the church is imminent or very close at hand each of us will either be caught up in glory at the rapture or left behind to endure unparalleled pain and suffering during the great tribulation

a new and growing aberration in evangelical prophecy circles is the view that the second coming of christ occurred at the destruction of the jewish temple in ad 70 many christians are being confused because of the similar language used in scripture to refer to jesus's return at the end of history which also applies to the temple's destruction this new movement has developed a cult like zeal and is causing trouble in many local churches and confusion among numerous christians this book demonstrates the error of the hyper preterist viewpoint this error teaches that 1 christ returned at the judgment of the temple 2 the resurrection occurred at that time and there is no future bodily resurrection 3 that ad 70 was the final judgment spoken of by christ and the apostles and 4 that history will never end

the overarching theme of this book is that the second coming of jesus happened in ad 72 and that therefore jesus is not coming again to rapture the church the book lays out a thorough exploration in support of this theme daniel's prophecies are foundational especially his prophecy of the seventy weeks in daniel 9 2427 and his prophecy of four sequential fertile crescent mediterranean empires see daniel 7 the fourth empire or the roman empire is the key to understanding my theme with stress on the meaning of the horns on the head of the fourth beast see daniel 7 78 as proof of my theme i use the biblical code of two or three witnesses see e.g. deuteronomy 19 15 matthew 18 16 john 8 17 and 1 john 5 8 the three witnesses i give are daniel jesus and the collective apostles all of whom taught and agreed that jesus's second coming would take place before jesus's generation passed away matthew 24 34 furthermore i

show how the epistles of the new testament reflect this theme by citing scores of passages from them for my readers to consider finally in chapter 5 of the book and in five appendixes i show how the book of revelation aptly interpreted fully agrees with this theme

the second coming of jesus christ will be a great day for the righteous and a dreadful day for those who are wicked this book is designed to prepare you to warn you and to answer your questions about the coming of christ ultimately the most important thing you can do is to prepare yourself to enter the presence of the lord signs is a scriptural guidebook on that journey author shaun bailey has used modern technology and a lifetime of study to search the scriptures for clues that don t just identify the signs of the times but put them in a useful chronological order over 540 scriptural references and quotes from the prophets are compiled to explore 37 signs in depth and in context this is the first book in a two part series and deals with the events of the sixth seal or the time period before the great and dreadful day of the lord

david pawson has a worldwide teaching ministry particularly for church leaders he is known to many through christian broadcasting and is the author of numerous books each book in the explaining series examines an important aspect of the christian faith and is written in a way that presents the message of the bible clearly and simply in this book david pawson teaches what the bible says about the second coming of christ

foreword by charles c ryrie this work presents a biblically based reasoned examination of the second coming

in the book second thoughts about the second coming teacher author and systems engineer joe reeves deals with many aspects of the idea of jesus second coming that are seldom considered by modern christians but he does so from the standpoint of asking several critical questions the basic questions he asks and answers in this book are can a book of scripture at some later date come to mean what it never meant can a scriptural text at a later date come to mean what the author obviously did not intend it to mean to those of his original envisioned recipients to whom he wrote and a meaning that the first recipients simply would not have understood then based on those answers he asks and answers several questions about jesus resurrection his resurrected nature and his ascension then based on the biblical answers to those questions asks and answers the question about whether or not jesus and the biblical writers predicted a second coming using those questions and the question of specifically what would those first century christians have understood about what modern interpreters call jesus second coming as the basis for study joe uses his training and experience in systems thinking bible history cultural anthropology and logic and philosophical realism to formulate a system of thinking that challenges many of the modern assumptions upon which the four most common doctrines about jesus second coming are based for the person who wishes to learn more about how the first christians would have used and understood the writings they received about jesus and his life after his resurrection this book is a must read
